The winning Lebanon Division men's and women's teams face the camera with President W. R. Chandler. Fromleft, standing: J. Chaplin, A. Odegaarden, I. Ross, K. Tronstad, H. Janotta, Dr. A. Ghanma, E. Greenwood, O. Swanson, D. Schipper; and seated: Mrs. Tronstad, Mrs. W. J. Ludvigsen, Mr. Chandler, Mrs. W. G. Ewing, Mrs. Schipper and Mrs. K. E. Hopen. Seated in foreground is M. Rutherford. (More pictures by K. Nasr are on pages 4 and 5).

**LEBANON GOLFERS TROUNCE ARABIA IN PRESIDENT'S CUP**

Beirut-Beirut golfers trounced their Saudi Arabian counterparts, 411 Nassau match points to 184, in the annual President's Cup Tournament played at the hazardous Zahrani Country Club course May 21-22.

The "Phoenicians," with an understandable relish to avenge their 1964 defeat, took a 10 point lead over the "Arabian Knights" on the first of the two-day series of 20 individual matches. The first day's men score was: Lebanon, 20; Saudi Arabia, 10. Lebanon's women representatives proved their invincible mettle on the grass of Zahrani by sweeping the Saudi Arabian Division distaff team by the formidable Nassau point total of 22 to 2.

Individual tournament winner was Lebanon's E. Greenwood who tapped the ball in the 36th hole on his 179th stroke to take low gross and low net (137) honors.

Greenwood's 137 gross was three strokes under that of low gross runner-up O. T. Swanson, whose 22-stroke handicap for the 26 hole event also gave him second place, low net (138). Stars of distaff golfers were R. Putnam 176 156 4.5, Mrs. W. G. Ewing 185 137 5. The scores: Mrs. W. J. Ludvigsen 184 144 6, Mrs. W. G. Ewing 185 137 5, Mrs. A. A. Schipper 196 138 5, Mrs. E. R. Robertson 196 144 6.

Total Points: Lebanon 18.5, Saudi Arabia 22.5.

PIPELINE PERISCOPE

Planning Analyst Fahd M. Maasry. (Photo by Nasr).

Maasry Is Off For U.S. Training

Planning Analyst Fahd M. Maasry left Beirut May 28 to begin a four month special work assignment and study in the field of Operations Research.

His main work assignment will be in New York City with the Supply and Transportation Coordination Department's Operations Research Group of Esso Standard Eastern, Inc., to acquire experience in the practical application of data processing techniques and methods and to become familiar with programs that can be run on Tapline's Simulation Model.

While in New York, he will attend classes at the Management Institute of New York University, taking two summer session courses in Linear Programming and Operations Research Techniques. He will also be attending a two-week seminar in linear programming offered by Eino Research and Engineering.

Mr. Maasry will be returning to Beirut sometime next September on vacation, when his wife and children are currently visiting with his in-laws.

Originally from Aley, Lebanon, Mr. Maasry is a former AUB student and a 1950 graduate of the University of Texas with a B. Sc. degree in chemical engineering. He joined the company in January 1951 as corrosion engineer.

Prior to his transfer to Operating Services last November, Mr. Maasry, who is a member of the National Association of Corrosion Engineers, was serving as senior engineer in charge of cathodic protection.

SOCIAL VIP'S VISIT BEIRUT AND TERMINAL

R. G. Follis, Board Chairman of Standard Oil Company of California, and George L. Parkhurst, and George L. Parkhurst and Gage Lund, Vice President and Directors of SOCAL, visited Beirut with their wives May 17-21.

Mr. Follis was Chairman of Tapline's Board of Directors for a number of years. Mr. Parkhurst is currently a member of the Tapline Board. During their stay in Lebanon, members of the party visited Sidon Terminal and other places of interest in the area, and spent substantial time in discussions with Tapline Management.

Mr. Parkhurst's visit was made after Tapline was awarded a number of contracts in the United States and South America. He was transferred to Tapline in June 1958 as Accountant-Special and Relief. Mr. Hall spent a few weeks in the New York Office and arrived in Beirut in July, 1958, accompanied by his wife, Beulah.

In Beirut, Mr. Hall has served as Staff Accountant, and as Supervisor, Staff and Audit.

Fifteen-year pin recipients were Beirut Office Manager, R. N. Massoud, and Tapline VIP's W. R. Chandler. (Photo by Louis Fattal).

OSCAR T. SWANSON RECEIVES 40-YEAR PIN AT FAREWELL FUNCTION

Oscar T. Swanson's remarkable 40-year career in the oil industry came to a halt on May 31, the day on which Mr. Swanson officially retired as Comptroller of Tapline. Mr. Swanson and his wife Ruth, who had been vacationing since February 10, left Beirut on May 29 by car for a summer holiday in Europe and subsequent residence in North Carolina.

Mr. Swanson's retirement marked the end of a career which stretched from Venezuela's Caribbean coast to the Middle East. His retirement was formally marked May 27 at a reception given by President and Mrs. William R. Chandler. The reception was attended by a great many Tapline friends of the Swansons from Beirut, Souk, and the United States.

Mr. Chandler presented the retiring Comptroller with a four-year service pin set with the Tapline insignia and three diamonds. The

Board Elects Hall Comptroller

At the May 4 meeting of the Tapline Board of Directors, William V. Hall was elected Comptroller of the Company. Mr. Hall replaces Oscar T. Swanson, who retired May 31.

Born in Konnern, Germany, 44 years ago, the newly-elected Comptroller now calls New York his home of origin. He is an accounting and business graduate of the Commercial College, Neuchatel, Switzerland, and the La Salle Higher Accounting College, New York.

Mr. Hall's oil industry career began on September 28, 1954 with Texaco, with whom he accepted various positions in the

The memory of the Tapline Medical Director, Dr. Frank J. Zukoski, was commemorated at the Badanah hospital lawn on May 24. Dr. Zukoski lost his life in a commercial plane crash off Dhahran on April 17, 1964.

Two memorial plaques, one in Arabic and the other in English, presented by the company’s medical staff, were unveiled at the ceremony by Vice President—Administration H. S. Smith. The plaques will be placed at the entrance of the new clinic once extension of the Badanah hospital is completed.

On hand for the commemoration were Mr. and Mrs. Smith, Badanah Station Superintendent and Mrs. John H. Arndt, Manager of Government Relations—Saudi Arabia Robert E. Marsh, The Company Representative—Pipe Line Area Dale E. Garrison, Badanah’s medical staff, Dr. Bo—
dolphe Sabbagha of Turaif, Dr. Shukri Souls of Qaisumah, George Monred of Baubah and Medical Director Dr. Jacob Thaddeus of Beirut.

Speakers at the ceremony were Dr. Thaddeus, Dr. Michel Khoury of Baubah, Hanna Fakih (representing the nursing staff), Abdul Ka’aba Salem (representing the hospital orderlies) and Mr. Smith, who said in his address:

"First, I remember Frank Zukoski as a man dedicated to his chosen work, which was the practice of medicine. I believe he saw his profession as a way of life, and it dominated his thinking. In all respects, Dr. Zukoski was the physician..."

"Second, I remember him as a man with a vast reverence for life, and because the practice of medicine deals with life, he was uncompromising in his professional standards. I think this is one of the reasons that he was always so helpful and so patient in his efforts to train and develop the people in his organization. His standards were high and he made every effort to assist others in reaching the same standards. "Like all of us, he carried many burdens, but his main concern was for the burdens of others. Many people consulted with him on non-medical as well as medical matters because he was always willing to listen, to help, to relieve the burdens where he could, and because he was a wise and gentle man."

"He was a religious man who drew extraordinary strength from his faith..."

"And finally, and most important to me, I remember him as a friend...

"Now, today, we are gathered to do honor to the memory of Dr. Frank Zukoski, to dedicate this memorial so thoughtfully provided by all of you. I think Dr. Zukoski would respect and admire your thought—it is the kind of thing he would want to do himself for a colleague and friend. It is fitting that this memorial now be dedicated to Dr. Frank J. Zukoski, and fitting that his name will remain always associated with this hospital and this Medical Department and this Company."
